

BIG HOUSE RULES

Thank you for visiting The Big House.

All visitors must adhere to the following rules:

Waivers must be signed by everyone that enters the facility. Failure to do so will not allow admission to the event. The waiver may be accessed by [clicking here](#) or going to www.bighouseusa.com and click “Waiver”.

1. Player waivers must be completed via the link provided to the coaches.
2. The Big House policy is to continue following current CDC guidelines. For our volleyball community’s safety, we strongly encourage everyone to properly wear masks – even if fully vaccinated – and practice social distancing while visiting our facility.
3. Added safety measures include: one way signage in the hallway, restroom attendants for the men’s and ladies’ restrooms, 24 touchless hand sanitizer stations mounted to the walls throughout the complex, and sanitized volleyballs.
4. Outside food, beverages, refillable water/beverage containers, coolers, and/or chairs are NOT allowed inside the building. If you are unsure whether something is allowed at the Big House, please visit our website and click on the “Can We Bring” link on our website.
5. An Athletic Trainer will be on-site as a first responder for injuries.
6. We provide all balls. **Do not bring volleyballs to The Big House.**
7. We provide the R1 (up ref). Each team will need to supply an R2 (down ref), 2 linejudges, and 3 scorekeepers. One must be a coach or qualified adult; the others can be players or parents at the team’s discretion.
8. Please do not change sides for each set.
9. At the completion of the game, please use the Ecolab peroxide-based cleaner and the paper towels at the court to wipe down your bench for the next team.
10. Tickets may be purchased online at www.bighouseusa.com.

Failure to comply with the rules above may result in removal from the facility with no refund.
